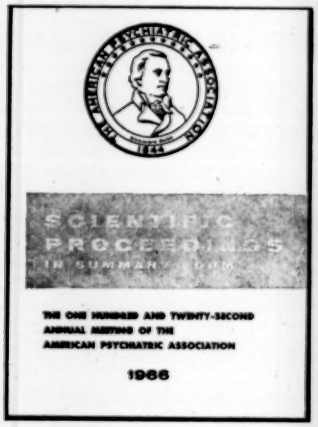
($3.00 per copy for non-members)

Scientific Proceedings in Summary Form



This useful publication is published annually by the APA Committee on Public Information as a service to the membership, the press, and the public. It contains 500-word summaries, written by the authors themselves, of practically all of the 250 scientific papers presented at the annual meeting. Descriptions of the evening panels are also included. The publication is invaluable to the mental health professional who could not make it to Atlantic City and needs to brief himself on the scientific content of the meeting. 330 pp. #55/$4.00
